

LOCKDOWN UPDATE 18 September 2020

UPDATE FROM YOUR LOCAL COUNCILLOR – 18th September

Cases are rising at a pace around us with the start of a widespread ban on gatherings of more than six people this week.

For the second successive week Stratford on Avon has witnessed a double-digit increase in the number of new cases over the last seven days and I am aware of residents trying to register for tests but have been unsuccessful in securing. Please can anyone with just common cold symptoms refrain from registering for a test as this could prevent those with Covid-19 symptoms from getting a test, due to the system being overloaded.

COVID-19 Update

The cumulative cases across the county as of today are now 3025 up from 2867 (an increase of 158 and up by 62 on last week's figure) with confirmed cases in Stratford on Avon District increasing by 19 to 597 since last week (one less than last week),

Out of the 423 SWFT Hospital Beds there remains NO confirmed cases of COVID-19 at present and NO patients are in the intensive care unit. The cumulative deaths across Stratford District remains at 168 with the deaths in care home remaining at 82 from a cumulative of 1264 'all cause deaths' in the district. The cumulative total of all COVID-19 deaths in Warwickshire is up by one to 600 and over the same period there have been 3772 non COVID-19 related deaths in Warwickshire. Across the county there has been a total of 212 COVID-19 deaths in care homes settings (no increase in the last week) compared to 1264 'all cause deaths' in care homes over the same period.

There are 49% of SWFT hospital beds occupied by Non-COVID-19 patients, 19% beds occupied with suspected COVID-19 patients and a spare capacity of 31% beds.

Have a good weekend and will be in touch again in a week's time.
